

Theta Delta Chi International Fraternity

Educational Programming Requirement

Theta Delta Chi believes strongly in taking a proactive approach to make our host institution campuses safe for all students.

Therefore, each academic year, each Charge is required to participate in two educational programs for its members within two of the following topics:

- (a) alcohol and drug abuse
- (b) sexual assault / bystander intervention / upstander intervention
- (c) hazing prevention
- (d) gender, cultural and sexual orientation awareness
- (e) wellness and mental health awareness
- (f) defining consent

This can include attending a program hosted by the school or local community, hosting a guest speaker at the Charge house, or even volunteering at a clinic. The choice is up to the Charge as to how it wants to fulfill this requirement. Note: any programming required by the college or university will count towards meeting this requirement. If there are any financial impediments, the Charge is welcome to apply for a grant from the Educational Foundation.

Programs are to be completed by the end of the spring semester (May 15th).

It is required that at least 80% of the Charge's active membership be in attendance for the entirety of the programs. All such programs must be a minimum of one hour in length. The Charge must submit a completed Educational Programming Verification Form (attached) to the Central Fraternity Office (CFO) as written verification of the date, topic, speaker and attendance at each program. A list of attendees must be submitted with the program verification form. The Charge President and the presentation speaker(s) must sign the form.

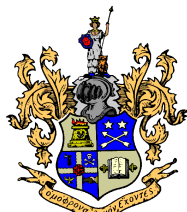

Any materials used during the programs must be distributed to absent members, who are required to review the materials with a Charge Officer. Any absent member must sign an Educational Programming Absentee Verification Form (attached) to be submitted to the CFO, countersigned by said Charge Officer.
